EXPERIENCE

Developer

Aug. 2019 – Present
Kanpur, Uttar Pradesh

- Developed multiple full-stack applications using Node.js, JavaScript, and MongoDB, focusing on scalable backend systems and efficient data handling I to **60k subscribers in 1.5 years**; created 80+ videos on tech and productivity
- Conducted A/B testing on titles and thumbnails; **increased video impressions by 2.5M** in 3 months
- Applied machine learning and computer vision concepts in projects, gaining 4+ years of hands-on experience
- **Practiced clean code principles, debugging, and performance optimization across multiple projects**
- **Highlights:** Building Codesmesh AI Powered Code Sharing Application

TECHNICAL EXPERIENCE

Aug. 2020 – present
Kanpur, Uttar Pradesh

Software Engineer

- **4+ years of experience in Java programming and software development**
- 4+ years of experience in Machine Learning and Computer Vision,
- Built and deployed multiple applications including chat systems and person-finding solutions

Full-Stack Developer (Self-Driven Projects)

May 2017 – Aug. 2017
Seattle, WA

Software Engineering Intern

- Designed and developed full-stack applications using Node.js, JavaScript, and MongoDB
- Built a back-end database service in Java and implemented a front-end UI to support future changes
- Developed scalable backend systems with focus on performance and maintainability

PROJECTS

Codemesh.space

- CodeMesh is the SuperFast Code Sharing Platform, just, COPY, PASTE and GO.
- Superfast solution for developers and users to share code easily

Locofy.xyz

- A website that provides the database of the lost ones and helps to find them using the power of community.

ChatX

- A modern reimagining Chat Application.
- Developed a real-time chat application enabling seamless communication between users. Built using Node.js, Express.js, and MongoDB with efficient backend architecture and optimized message handling.

EDUCATION

PSIT College of Higher Education

Aug. 2024 – 2027

Bachelor of Arts in Computer Science

Kanpur, UP

- **Coursework:** BCA(Bachelor of Computer Applications), Algorithms, Databases, Computer Systems, Data Structures

SKILLS

Languages Java, Python, C, C++, C, JavaScript, Node.js, Express.js, MongoDB, HTML, CSS, Machine Learning, Computer Vision, Git, GitHub, GitHub Actions, Jenkins, Postman, Figma, Unity

Tools Git, GitHub, GitHub Actions, Jenkins, Postman, Figma, Unity, Visual Studio Code, REST API Testing Tools, CI/CD Tools
